

Birthday party catering at Science Museum Oklahoma makes planning your child's next birthday party as easy as (pizza) pie! Food is prepared on-site in the museum's café and will be delivered to your birthday party room at your scheduled party time. The museum's catering services are exclusively provided Salt & Surrey Catering.

You may make catering selections online or over the phone when booking your birthday party. Catering orders must be made at least 10 business days in advance of your scheduled party. All orders are final when booked.

Families are welcome to bring their own food to children's birthday parties at SMO. Use of the museum's caterer is not required. Please note that due to time limitations, the museum does not allow deliveries of food for birthday parties.
